ASBESTOS - AHERA Notification

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970s contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, since as cancer and asbestosis.

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which requires schools to be inspected to identify any asbestos containing building materials. Suspected asbestos-containing building materials were located, sampled (or assumed) and rated according to condition and potential hazard. Every three years, Botetourt County Public Schools has conducted a reinspection to determine whether the condition of the known or assumed asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM. At the last reinspection conducted in July 2016 all materials listed in the Management Plan as asbestos containing (or assumed to be asbestos-containing) were inspected. Recommended repairs have been completed.

The law further requires an asbestos management plan to be in place by July 1989. Botetourt

County Public Schools developed a plan, as required, which has been continually updated. The plan has several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designated to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six months to assure that they remain in good condition.

The following buildings contain no asbestos-containing building materials; therefore, no operations and maintenance programs or future inspections are required: Greenfield Elementary School and Read Mountain Middle School. During the past year, asbestos containing building materials have not been removed, encapsulated, or enclosed in any other buildings. Botetourt County Schools does not plan to conduct asbestos related activities in any other school buildings.

It is the intention of Botetourt County Public Schools to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in school division administrative office or administrative office of the school during regular business hours. Ben Irvin is the designated asbestos program coordinator and all inquiries regarding the asbestos plan and asbestos-related issues should be directed to him at 540-473-8259.

CODE OF STUDENT CONDUCT, COMPULSORY ATTENDANCE LAW, PARENTAL RESPONSIBILITY AND INVOLVEMENT

Student Conduct, SBP JFC

The standards of student conduct are designed to define the basic rules and major expectations of students in the public schools of Botetourt County. It is the responsibility of the Botetourt County School Board to adopt policy and regulations and the administration to issue regulations establishing rules of conduct for student behavior in order to protect the health, safety and welfare of its students. The local school principal has the responsibility and authority to exercise reasonable judgment in enforcing this Code of Conduct. Principals are responsible for ensuring that all students, staff members and parents are provided the opportunity to become familiar with this policy.

The superintendent issues Standards of Student Conduct and a list of possible corrective actions for violation of the Standards of Conduct. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property and supportive of individual rights. The Standards of Student Conduct, a notice of the requirements of Va. Code § 22.1-279.3, and a copy of the compulsory school attendance law is also sent to all parents within one calendar month of the opening of schools simultaneously with any other materials customarily distributed at that time. A statement for the parent's signature acknowledging the receipt of the Standards of Student Conduct, the requirements of Va. Code § 22.1-279.3 and the compulsory school attendance law is also sent. Parents are notified that by signing the statement of receipt, they are not deemed to waive, but expressly reserve, their rights protected by the constitution or laws of the United States or Virginia. Each school maintains records of the signed statements.

The school principal may request the student's parent or parents, if both have legal and physical custody, to meet with the principal or principal's designee to review the School Board's Standards of

Student Conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law and to discuss improvement of the child's behavior, school attendance and educational progress. The administrator of the building should exercise reasonable judgment and consider the circumstances in determining the disciplinary action to be administered.

Each student has the right to expect an educational environment in which he or she can strive to achieve his or her intellectual potential. The student is expected to attend school regularly, be diligent in his/her studies and conduct him/herself in such a way that the rights and privileges of others are not violated. The student is expected to accept and demonstrate the obligation of good citizenship to help prevent problems from happening and help solve problems if they occur.

All parents are expected to assume responsibility for the student's behavior and assist the school in enforcing the Standards of Student Conduct and compulsory school attendance. Parents are also expected to maintain regular communication with school authorities, monitor and require daily attendance, and bring to the attention of the school authorities any problem that affects the student or other children in the school. It is the parents' responsibility to notify the school of any unusual behavior pattern or medical problem that might lead to serious difficulties.

The school principal may notify the parents of any student who violates a School Board policy or the compulsory school attendance requirements when such violation could result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed such a petition. The notice shall state (1) the date and particulars of the violation; (2) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compliance with compulsory school attendance; (3) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (4) that a petition with the juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.

The principal or principal's designee notifies the parent of any student involved in an incident required to be reported to the superintendent and Virginia Board of Education.

No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.

If a parent fails to comply with the requirements of this policy, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent in accordance with the requirements of the Code of Virginia.

Students are subject to corrective action for any misconduct that occurs:

- in school or on school property;
- on a school vehicle;
- while participating in or attending any school sponsored activity or trip;
- on the way to and from school; and
- off school property, when the acts lead to: (1) notification pursuant to Va. Code § 16.1-305.1 or a conviction for an offense listed in Va. Code § 16.1-260, (2) a charge that would be a felony if committed by an adult, or (3) disruption of the learning environment.

Unlawful acts which will lead to police notification and may lead to suspension from classes, exclusion from activities or expulsion include but are not limited to:

- possession or use of alcohol, illegal drugs, including marijuana and anabolic steroids, or drug paraphernalia;
- selling drugs;
- assault/battery;
- sexual assault;
- arson;
- intentional injury (bullying, fighting);
- theft;
- bomb threats, including false threats, against school personnel or school property;
- use or possession of explosives (see Policy JFCD Weapons in School);
- possession of weapons or firearms (see Policy JFCD Weapons in School);
- extortion, blackmail or coercion;
- driving without a license on school property;
- homicide;
- burglary;
- sex offenses (indecent exposure, obscene phone calls, sodomy and child molestation);
- malicious mischief;
- shooting;
- any illegal conduct involving firebombs, explosive or incendiary devices or materials, hoax explosive devices or chemical bombs;
- stabbing, cutting or wounding;
- unlawful interference with school authorities including threats;
- unlawful intimidation of school authorities; and
- other unlawful acts including being an accessory to any of these or other unlawful acts.

Any student involved in a reportable drug or violent incident shall participate in prevention and intervention activities deemed appropriate by the superintendent or superintendent's designee. Further, any student who has been found to be in possession of or under the influence of drugs or alcohol on school property or at a school sponsored activity may be required to (1) undergo evaluation for drug or alcohol abuse and (2) participate in a drug and/or alcohol treatment program if recommended by the evaluator and if the parent consents.

The superintendent issues regulations listing additional actions which may be cause for corrective action and if serious enough or exhibited repeatedly may lead to suspension or expulsion.

The School Board biennially reviews the model student conduct code developed by the Board of Education to incorporate into policy a range of discipline options and alternatives to preserve a safe and non-disruptive environment for effective learning and teaching.

Standards of Student Conduct, SBP JFC-R

Code of VA § 22.1-279.3. Parental responsibility and involvement requirements.

- A. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights.
- B. A school board shall provide opportunities for parental and community involvement in every school in the school division.
- C. Within one calendar month of the opening of school, each school board shall, simultaneously with any other materials customarily distributed at that time, send to the parents of each enrolled student (i) a notice of the requirements of this section; (ii) a copy of the school board's standards of student conduct; and (iii) a copy of the compulsory school attendance law. These materials shall include a notice to the parents that by signing the statement of receipt, parents shall not be deemed to waive, but to expressly reserve, their rights protected by the constitutions or laws of the United States or the Commonwealth and that a parent shall have the right to express disagreement with a school's or school division's policies or decisions.
Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the receipt of the school board's standards of student conduct, the notice of the requirements of this section, and the compulsory school attendance law. Each school shall maintain records of such signed statements.
- D. The school principal may request the student's parent or parents, if both parents have legal and physical custody of such student, to meet with the principal or his designee to review the school board's standards of student conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law, and to discuss improvement of the child's behavior, school attendance, and educational progress.
- E. In accordance with the due process procedures set forth in this article and the guidelines required by § 22.1-279.6, the school principal may notify the parents of any student who violates a school board policy or the compulsory school attendance requirements when such violation could result in the student's suspension or the filing of a court petition, whether or not the school administration has

imposed such disciplinary action or filed a petition. The notice shall state (i) the date and particulars of the violation; (ii) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compulsory school attendance compliance; (iii) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (iv) that a petition with the juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.

F. No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.

G. Upon the failure of a parent to comply with the provisions of this section, the school board may, by petition to the juvenile and domestic relations court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior or school attendance, as follows:

1. If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D of this section, to review the school board's standards of student conduct and the parent's responsibility to assist the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet; or

2. If the court finds that a parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order the student or his parent, or both, to participate in such programs or such treatment, including, but not limited to, extended day programs, summer school, other educational programs and counseling, as the court deems appropriate to improve the student's behavior or school attendance. The order may also require participation in a parenting, counseling or a mentoring program, as appropriate or that the student or his parent, or both, shall be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.

H. The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision G 2. Upon the failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.

I. All references in this section to the juvenile and domestic relations court shall be also deemed to mean any successor in interest of such court.

Code of VA § 22.1-254. Compulsory attendance required; excuses and waivers; alternative education program attendance; exemptions from article.

A. Except as otherwise provided in this article, every parent, guardian, or other person in the Commonwealth having control or charge of any child who will have reached the fifth birthday on or before September 30 of any school year and who has not passed the eighteenth birthday shall, during the period of each year the public schools are in session and for the same number of days and hours per day as the public schools, send such child to a public school or to a private, denominational, or parochial school or have such child taught by a tutor or teacher of qualifications prescribed by the Board of Education and approved by the division superintendent, or provide for home instruction of such child as described in § 22.1-254.1.

As prescribed in the regulations of the Board of Education, the requirements of this section may also be satisfied by sending a child to an alternative program of study or work/study offered by a public, private, denominational, or parochial school or by a public or private degree-granting institution of higher education. Further, in the case of any five-year-old child who is subject to the provisions of this subsection, the requirements of this section may be alternatively satisfied by sending the child to any public educational pre-kindergarten program, including a Head Start program, or in a private, denominational, or parochial educational pre-kindergarten program.

Instruction in the home of a child or children by the parent, guardian, or other person having control or charge of such child or children shall not be classified or defined as a private, denominational or parochial school.

The requirements of this section shall apply to (i) any child in the custody of the Department of Juvenile Justice or the Department of Corrections who has not passed his eighteenth birthday and (ii) any child whom the division superintendent has required to take a special program of prevention, intervention, or remediation as provided in subsection C of § 22.1-253.13:1 and in § 22.1-254.01. The requirements of this section shall not apply to (a) any person 16 through 18 years of age who is housed in an adult correctional facility when such person is actively pursuing the achievement of a passing score on a high school equivalency examination approved by the Board of Education but is not enrolled in an individual student alternative education plan pursuant to subsection E, and (b) any child who has obtained a high school diploma or its equivalent, a certificate of completion, or has achieved a passing score on a high school equivalency examination approved by the Board of Education, or who has otherwise complied with compulsory school attendance requirements as set forth in this article.

B. A school board shall excuse from attendance at school:

1. Any pupil who, together with his parents, by reason of bona fide religious training or belief is conscientiously opposed to attendance at school. For purposes of this subdivision, "bona fide religious training or belief" does not include essentially political, sociological or philosophical views or a merely personal moral code; and

2. On the recommendation of the juvenile and domestic relations district court of the county or city in which the pupil resides and for such period of time as the court deems appropriate, any pupil who, together with his parents, is opposed to attendance at a school by reason of concern for such pupil's health, as verified by competent medical evidence, or by reason of such pupil's reasonable apprehension for personal safety when such concern or apprehension in that pupil's specific case is determined by the court, upon consideration of the recommendation of the principal and division superintendent, to be justified.

C. Each local school board shall develop policies for excusing students who are absent by reason of observance of a religious holiday. Such policies shall ensure that a student shall not be deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, for any which he missed by reason of such absence, if the absence is verified in a manner acceptable to the school board.

D. A school board may excuse from attendance at school:

1. On recommendation of the principal and the division superintendent and with the written consent of the parent or guardian, any pupil who the school board determines, in accordance with regulations of the Board of Education, cannot benefit from education at such school; or

2. On recommendation of the juvenile and domestic relations district court of the county or city in which the pupil resides, any pupil who, in the judgment of such court, cannot benefit from education at such school.

E. Local school boards may allow the requirements of subsection A to be met under the following conditions:

For a student who is at least 16 years of age, there shall be a meeting of the student, the student's parents, and the principal or his designee of the school in which the student is enrolled in which an

individual student alternative education plan shall be developed in conformity with guidelines prescribed by the Board, which plan must include:

1. Career guidance counseling;
2. Mandatory enrollment and attendance in a preparatory program for passing a high school equivalency examination approved by the Board of Education or other alternative education program approved by the local school board with attendance requirements that provide for reporting of student attendance by the chief administrator of such preparatory program or approved alternative education program to such principal or his designee;
3. Mandatory enrollment in a program to earn a Board of Education-approved career and technical education credential, such as the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, the Armed Services Vocational Aptitude Battery, or the Virginia workplace readiness skills assessment;
4. Successful completion of the course in economics and personal finance required to earn a Board of Education-approved high school diploma;
5. Counseling on the economic impact of failing to complete high school; and
6. Procedures for reenrollment to comply with the requirements of subsection A.

A student for whom an individual student alternative education plan has been granted pursuant to this subsection and who fails to comply with the conditions of such plan shall be in violation of the compulsory school attendance law, and the division superintendent or attendance officer of the school division in which such student was last enrolled shall seek immediate compliance with the compulsory school attendance law as set forth in this article.

Students enrolled with an individual student alternative education plan shall be counted in the average daily membership of the school division.

F. A school board may, in accordance with the procedures set forth in Article 3 (§ 22.1-276.01 et seq.) of Chapter 14 and upon a finding that a school-age child has been (i) charged with an offense relating to the Commonwealth's laws, or with a violation of school board policies, on weapons, alcohol or drugs, or intentional injury to another person; (ii) found guilty or not innocent of a crime that resulted in or could have resulted in injury to others, or of an offense that is required to be disclosed to the superintendent of the school division pursuant to subsection G of § 16.1-260; (iii) suspended pursuant to § 22.1-277.05; or (iv) expelled from school attendance pursuant to § 22.1-277.06 or 22.1-277.07 or subsection B of § 22.1-277, require the child to attend an alternative education program as provided in § 22.1-209.1:2 or 22.1-277.2:1.

G. Whenever a court orders any pupil into an alternative education program, including a program preparing students for a high school equivalency examination approved by the Board of Education, offered in the public schools, the local school board of the school division in which the program is offered shall determine the appropriate alternative education placement of the pupil, regardless of whether the pupil attends the public schools it supervises or resides within its school division.

The juvenile and domestic relations district court of the county or city in which a pupil resides or in which charges are pending against a pupil, or any court in which charges are pending against a pupil, may require the pupil who has been charged with (i) a crime that resulted in or could have resulted in injury to others, (ii) a violation of Article 1 (§ 18.2-77 et seq.) of Chapter 5 of Title 18.2, or (iii) any offense related to possession or distribution of any Schedule I, II, or III controlled substances to attend an alternative education program, including, but not limited to, night school, adult education, or any other education program designed to offer instruction to students for whom the regular program of instruction may be inappropriate.

This subsection shall not be construed to limit the authority of school boards to expel, suspend, or exclude students, as provided in §§ 22.1-277.04, 22.1-277.05, 22.1-277.06, 22.1-277.07, and 22.1-277.2. As used in this subsection, the term "charged" means that a petition or warrant has been filed or is pending against a pupil.

H. Within one calendar month of the opening of school, each school board shall send to the parents or guardian of each student enrolled in the division a copy of the compulsory school attendance law and the enforcement procedures and policies established by the school board.

I. The provisions of this article shall not apply to:

1. Children suffering from contagious or infectious diseases while suffering from such diseases;
2. Children whose immunizations against communicable diseases have not been completed as provided in § 22.1-271.2;

3. Children under 10 years of age who live more than two miles from a public school unless public transportation is provided within one mile of the place where such children live;

4. Children between the ages of 10 and 17, inclusive, who live more than 2.5 miles from a public school unless public transportation is provided within 1.5 miles of the place where such children live; and

5. Children excused pursuant to subsections B and D.

Further, any child who will not have reached his sixth birthday on or before September 30 of each school year whose parent or guardian notifies the appropriate school board that he does not wish the child to attend school until the following year because the child, in the opinion of the parent or guardian, is not mentally, physically, or emotionally prepared to attend school, may delay the child's attendance for one year.

The distances specified in subdivisions 3 and 4 of this subsection shall be measured or determined from the child's residence to the entrance to the school grounds or to the school bus stop nearest the entrance to the residence of such children by the nearest practical routes which are usable for walking or riding. Disease shall be established by the certificate of a reputable practicing physician in accordance with regulations adopted by the Board of Education.

Student Absences/Excuses/Dismissals, SBP JED

I. Student Attendance Policy

Student attendance is a cooperative effort and the School Board involves parents and students in accepting the responsibility for good attendance.

Each parent/guardian or person having control or charge of a child within the compulsory attendance age is responsible for such child's regular and punctual attendance at school as required under provisions of the law.

Parents of students who are absent must inform the school of the reason for the absence no later than upon the student's return to school. Absences are excused for the following reasons:

- a. Up to ten days, illness of the student as verified by notification from the parent
- b. Medical appointments that cannot be scheduled after school, (All appointments must be verified by a doctor and a student is expected to return to school from early appointments if possible.),
- c. Death in the family,
- d. Court appearances as evidenced by a summons or other verification,
- e. Observance of a religious holiday, and
- f. Other reasons deemed acceptable by the principal.

The superintendent, by regulation, establishes procedures for appropriate interventions when a student engages in a pattern of absences for less than a full day, the explanation of which, if it were a full-day absence, would not be an excused absence.

The superintendent's regulations include procedures for excusing students who are absent by reason of observance of a religious holiday. Such regulations ensure that a student is not deprived of any award or of eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, which the student missed by reason of such absence, if the absence is verified in an acceptable manner.

Students shall attend school for a full day unless excused by the principal or principal's designee.

High school students may spend a maximum of 90 school days each academic year participating in High School to Work Partnerships established pursuant to guidelines developed by the Board of Education. Students who miss a partial or full day of school while participating in Partnership programs are not counted as absent for the purposes of calculating average daily membership. The superintendent's regulations include procedures by which students may make up work missed while participating in a High School to Work Partnership.

Nothing in this policy shall be construed to limit in any way the authority of any attendance officer or the division superintendent to seek immediate compliance with the compulsory school attendance law.

II. Compulsory Attendance Procedures

Whenever a student fails to report to school on a regularly scheduled school day and no information has been received by school personnel that the student's parent is aware of and supports the absence, the school principal, principal's designee, attendance officer or other school personnel or volunteer notifies the parent by phone, email or other electronic means to obtain an explanation. School staff records the student's absence for each day as "excused" or "unexcused". Early intervention with the student and parent or parents takes place for repeated unexcused absences.

A. Upon Fifth Absence Without Parental Awareness and Support

If (1) a pupil fails to report to school for a total of five scheduled school days for the school year, and (2) there is no indication that the pupil's parent is aware of and supports the absence; and (3) reasonable efforts to notify the parent of the absences have failed, then the principal or principal's designee shall make a reasonable effort to ensure that direct contact is made with the parent in person, through telephone conversation, or through the use of other communication devices to obtain an explanation for the pupil's absence and to explain to the parent the consequences of continued nonattendance. The school principal or principal's designee, the pupil, and the pupil's parent shall jointly develop a plan to resolve the pupil's nonattendance. Such plan shall include documentation of the reasons for the pupil's nonattendance.

B. Upon Additional Absences Without Parental Awareness and Support

If the pupil is absent for more than one additional day after direct contact with the pupil's parent and school personnel have received no indication that the pupil's parent is aware of and supports the pupil's absence, the school principal or principal's designee shall schedule a conference with the pupil, the pupil's parent and school personnel. Such conference may include the attendance officer and other community service providers to resolve issues related to the pupil's nonattendance. The conference shall be held no later than 10 school days after the tenth absence of the pupil, regardless of whether his parent approves of the conference. The conference team shall monitor the pupil's attendance and may meet again as necessary to address concerns and plan additional interventions if attendance does not improve. In circumstances in which the parent is intentionally noncompliant with compulsory attendance requirements or the pupil is resisting parental efforts to comply with compulsory attendance requirements, the principal or principal's designee shall make a referral to the attendance officer. The attendance

officer shall schedule a conference with the pupil and pupil's parent within 10 school days and may (i) file a complaint with the juvenile and domestic relations district court alleging the pupil is a child in need of supervision as defined in Va. Code § 16.1-228 or (ii) institute proceedings against the parent pursuant to Va. Code § 18.2-371 or § 22.1-262. In filing a complaint against the student, the attendance officer shall provide written documentation of the efforts to comply with the provisions of this policy. In the event that both parents have been awarded joint physical custody pursuant to Va. Code § 20-124.2 and the school has received notice of such order, both parents shall be notified at the last known addresses of the parents.

III. Report for Suspension of Driver's License

In addition to any other actions taken pursuant to this policy, if a student who is under 18 years of age has 10 or more unexcused absences from school on consecutive school days, the principal may notify the juvenile and domestic relations court, which may take action to suspend the student's driver's license.

IV. Attendance Reporting

Student attendance is monitored and reported as required by state law and regulations. At the end of each school year, each public school principal reports to the superintendent the number of pupils by grade level for whom a conference was scheduled pursuant to Part II (B) above. The superintendent compiles this information and provides it annually to the Superintendent of Public Instruction.

V. Dismissal Precautions

Principals do not release a student during the school day to any person not authorized by the student's parent/guardian to assume responsibility for the pupil. Students are released only on request and authorization of parent or guardian. The superintendent establishes procedures for release of pupils who are not residing with or under the supervision of a parent/guardian. The burden of proof on the authority of the person to receive the student is on the requesting party. A formal check-out system is maintained in each school.

Attendance Regulations, SBP JED-SR1

Generally

School attendance is critical for academic achievement and preparation of students for the world of work. Each parent/guardian, having charge of a child within the compulsory attendance age, shall be responsible for the child's regular and punctual attendance at school as required under provisions of the law. Based upon the state compulsory attendance law, accreditation standards and the sincere belief of the administration that regular student attendance is imperative for proper adjustment and success in school. Student attendance shall be monitored and reported as required by state law and regulations. Attendance by period will be recorded and will be noted on the student's report card each nine weeks.

State law also requires schools to confirm that parents are aware of their child's absence. Parents/guardians should notify the school when their child will be absent. If parents fail to notify the school, the school will contact the parent/guardian. Following absences, notification must be received, within three (3) days of the student's return, from the parent, doctor, or court stating the reason for the absence. After an accumulation of more than ten (10) days of absence per year, an official verification such as a doctor's note or a court summons shall be required.

Tardiness

Students who are tardy to school are required to present a note that is written by the parent/guardian, doctor, or court official stating the reason for tardiness. After receiving an admit slip the student may report to class.

Elementary Students: Extreme or habitual cases of tardiness may be reported to the division's attendance officer or to appropriate child protection agencies.

Secondary Students: A student is tardy to class if he or she arrives to the class after the tardy bell. Five (5) unexcused tardies will result in one (1) absence. The teacher will record this absence as an "Absence by Tardy." Each time an "Absence by Tardy" occurs, the absence will count toward the total number of absences. If a student arrives to class more than 10 minutes after the tardy bell without an excused note, the student will receive an unexcused tardy AND a discipline referral. Additional tardies beyond five (5) will also result in a discipline referral.

Early Departure

Students will only be permitted to leave the school premise when proper school procedures are followed.

Absences

1. Excused Absences

The following reasons shall be acceptable for absence from class:

- g. Illness of the student as verified by notification from parents,
- h. Medical appointments that cannot be scheduled after school, (All appointments must be verified by a doctor and a student is expected to return to school from early appointments if possible.),
- i. Death in the family,
- j. Court appearances as evidenced by a summons or other verification,
- k. Observance of a religious holiday, and
- l. Other reasons deemed acceptable by the principal.

2. Unexcused Absences

Parents are notified on a daily basis about student absences. The following reasons shall be unacceptable for absences from class:

- a. car trouble
- b. missing the bus
- c. personal business
- d. oversleeping
- e. needed at home
- f. working on a job
- g. other reasons deemed unacceptable by the principal

The following actions may be taken for students who are absent for unacceptable reasons or have chronic absenteeism:

- conference with student and parent
- before/after school detention
- in-school disciplinary action
- referral to counselor/Student Assistance Program
- referral to Attendance Officer, School Resource Officer, or Law Enforcement/Court System

3. Prearranged Absences

Parents must notify the school if they wish to prearrange an absence and request assignments in advance. Such absences are neither excused nor unexcused and will be counted toward the student's cumulative number of absences.

4. Make-up Work Due to Absences

If a student is absent for any reason, he or she will be expected to make up all work. A student, or his or her parent/guardian, may contact the school to obtain work missed. Teachers may also be contacted through the school e-mail system. If the student has not requested work during the absence, it is the student's responsibility to ask teachers for any assignments on the first day he or she returns from the absence. The student will have one (1) day for each day absent to turn in missed assignments. It is at the discretion of the teacher whether an extension of time will be granted. Any work assigned before the student's absence may be required on the first day of his or her return to school (i.e., projects, tests, etc.).

5. Absences due to school sanctioned activities

Absences related to school sanctioned activities will not be counted toward the student's cumulative number of absences. However, students will be expected to follow the policy for making up work due to absences.

6. Absences Due to Suspension

Absences due to suspension will be counted in the student's attendance record. Students who are suspended from school are to take the initiative to find out what the makeup work will be, during their absence. If the work is ready on the day of the student's return, no grade penalty will occur. If the work is turned in on succeeding days, the work may be penalized for lateness by a reduction of ten points per day, up to a maximum of five days. It is up to the discretion of the teacher as to how many points will be deducted after five (5) days and also as to the final date tests, projects, or other work will be accepted.

7. Accumulation of Absences

Elementary School: Should a student accumulate more than twenty (20) absences, the student may be denied promotion to the next grade level, regardless of whether the absences are excused, unexcused or unverified. Letters will be sent home when a student has accumulated four (4) unexcused or unverified absences, ten (10) absences and fifteen (15) absences.

Middle School: Should a student accumulate more than twenty (20) absences, the student may be denied credit and/or promotion to the next grade level, regardless of whether the absences are excused, unexcused or unverified. In addition, individual course attendance will be considered in determining retention. Tardies may also factor into accumulated absences. To be counted present, the middle school student must attend 2/3 of a class period; this regulation includes tardiness and leaving class early. Letters will be sent home when a student has accumulated four (4) unexcused or unverified absences, ten (10) absences and fifteen (15) absences.

High School: Should a student accumulate more than 10 absences in a course, the student will be denied credit for the course, regardless of whether the absences are excused, unexcused or unverified. Tardies may also factor into accumulated absences. To be counted present, the student must attend 2/3 of a class period; this regulation includes tardiness and leaving class early. Letters will be sent home when a student has accumulated four (4), and eight (8) absences in a course.

Parent Notification of Retention or Credit Denial Due to Attendance

Elementary School: When a student has accumulated more than twenty (20) absences, the building principal, or designee, will notify the parent/guardian of the possibility of retention and the option to file a waiver.

Middle School: When a student has accumulated more than twenty (20) absences, the building principal, or designee, will notify the parent/guardian of the possibility of retention or denial of credit and the option to file a waiver.

High School: The building principal or designee will notify the parent of a student who has accumulated more than ten (10) absences and is being denied course credit. They will be provided information on the option to file a waiver.

Waiver Process

Only those students who have a passing grade in the course may apply for an attendance waiver. The waiver process will be used if a parent requests an elementary or a middle school student be promoted despite being absent more than twenty (20) days, or the high school student passed the class and requests course credit despite being absent more than ten (10) days. The student's parent or guardian will send a written request for a waiver and any supporting information to the building principal. The supporting information will include doctor's excuses, court excuses, and any other information that may support his or her case. The principal/designee will give this information to the Attendance Waiver Committee.

Each school will have an Attendance Waiver Committee, which will meet to approve or deny Student Waiver Applications. This committee will be made up of (but not limited to) a guidance counselor and at least two teachers other than the student's classroom teacher. The committee's decision will be based on, but not limited to, a review of the current academic, attendance, and discipline records of all of the student's classes, any teacher input, the Student Attendance Waiver Form and any other supporting information submitted by the student.

The Attendance Waiver Committee will submit in writing to the building principal or designee the results of the Attendance Waiver Committee's decision. The building principal or designee will be responsible for notifying the parents and student of the decision of the Attendance Waiver Committee.

Appeals

Should a parent or student wish to appeal the decision of the Attendance Waiver Committee, the appeal must be presented in writing to the building principal. The principal will review the student information and minutes from the Attendance Waiver Committee and any additional information he or she might have. Should the principal uphold the denial from the Attendance Waiver Committee, he or she will notify the parent and student. Should the principal reverse the decision of the Attendance Waiver Committee, he or she must present in writing to the Attendance Waiver Committee the reason(s) for this reversal. The principal will be responsible for notifying the parent(s) and student of his/her decision.

All appeals beyond the principal must be made in writing to the Superintendent/ designee at the School Board Office.

EMERGENCY PROCEDURES

School Crisis, Emergency Management and Medical Emergency Response Plan, SBP EB

Each school develops a written school crisis, emergency management and medical emergency response plan as defined below. The School Board annually reviews each school's plan and provides copies of such plans to the chief law-enforcement officer, the fire chief, the chief emergency medical services official and the emergency management official of the locality. The Department of Education and the Virginia Center for School and Campus Safety will provide technical assistance to the school division in the development of the plans. In developing these plans, schools may consult the model

school crisis, emergency management, and medical emergency response plan developed by the Board of Education and the Virginia Center for School and Campus Safety.

The School Board designates Superintendent/Designee as emergency manager.

Each school annually conducts school safety audits as defined below. The results of such school safety audits are made public within 90 days of completion. The School Board may withhold or limit the release of any security plans, walk-through checklists and specific vulnerability assessment components as provided in the Virginia Freedom of Information Act, Va. Code § 2.2-3705.2. The completed walk-through checklist will be made available upon request to the chief law-enforcement officer of the locality or that officer's designee. Each school maintains a copy of the school's safety audit, which may exclude such security plans, walk-through checklists and vulnerability assessment components, within the office of the school principal and makes a copy of such report available for review upon written request.

Each school submits a copy of its school safety audit to the superintendent. The superintendent collates and submits all such school safety audits, in the prescribed format and manner of submission, to the Virginia Center for School and Campus Safety and shall make available upon request to the chief law-enforcement officer of the locality the results of such audits.

The superintendent establishes a school safety audit committee to include, if available, representatives of parents, teachers, local law-enforcement, emergency services agencies, local community services boards and judicial and public safety personnel. The school safety audit committee reviews the completed school safety audits and submits any plans, as needed, for improving school safety to the superintendent for submission to the School Board.

“School crisis, emergency management, and medical emergency response plan” means the essential procedures, operations, and assignments required to prevent, manage, and respond to a critical event or emergency, including natural disasters involving fire, flood, tornadoes or other severe weather; loss or disruption of power, water, communications or shelter; bus or other accidents; medical emergencies, including cardiac arrest and other life threatening medical emergencies; student or staff member deaths; explosions; bomb threats; gun, knife or other weapons threats; spills or exposures to hazardous substances; the presence of unauthorized persons or trespassers; the loss, disappearance or kidnapping of a student; hostage situations; violence on school property or at school activities; incidents involving acts of terrorism; and other incidents posing a serious threat of harm to students, personnel or facilities. The plan includes a provision that the Department of Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be contacted immediately to deploy assistance in the event of an emergency as defined in the emergency response plan when there are victims as defined in Va. Code § 19.2-11.01, as well as current contact information for both.

“School safety audit” means a written assessment of the safety conditions in each public school to (1) identify and, if necessary, develop solutions for physical safety concerns, including building security issues and (2) identify and evaluate any patterns of student safety concerns occurring on school property or at school-sponsored events. Solutions and responses include recommendations for structural adjustments, changes in school safety procedures and revisions to the School Board's standards for student conduct.

Each school has contingency plans for emergencies that include staff certified in cardiopulmonary resuscitation (CPR), the Heimlich maneuver, and emergency first aid.

In addition, the school administration ensures that the school has:

1. written procedures to follow in emergencies such as fire, injury, illness, allergic reactions and violent or threatening behavior. The procedures include Policy JHCD Administering Medicine to Students. The plan is outlined in the student handbook and discussed with staff and students during the first week of each school year;
2. space for the proper care of students who become ill;

3. a written procedure, in accordance with guidelines established by the School Board, for responding to violent, disruptive or illegal activities by students on school property or during a school sponsored activity; and
4. written procedures to follow for the safe evacuation of persons with special physical, medical or language needs who may need assistance to exit a facility.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day School receives a request for access.
Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
Parents or eligible students who wish to ask the School to amend their child's or their education record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school's or school district's annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the [School] to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Generally

The Botetourt County School Board maintains accurate and complete records for every student enrolled in the public schools in accordance with all federal and state laws.

The superintendent and/or his designee(s) is responsible for the collection of data, record maintenance and security, access to, and use of records, confidentiality of personally identifiable information, dissemination of information from records, and destruction of records, including the destruction of personally identifiable information regarding a student with a disability at the request of the parents. The superintendent also provides for notification of all school division personnel of policy and procedures for management of education records and notification of parents and students of their rights regarding student records, including the right to obtain, upon request, a copy of this policy.

Definitions

For the purposes of this policy, the Botetourt County Public Schools uses the following definitions.

Authorized representative – any entity or individual designated by a state or local educational authority or an agency headed by an official listed in 34 CFR § 99.31(a)(3) to conduct, with respect to federal- or state-supported education programs, any audit or evaluation, or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

Directory information - information contained in a student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. Directory information may include information such as the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, grade level, enrollment status, dates of attendance, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors, and awards received, and the most recent educational institution attended. Directory information may not include the student's social security number. Directory information may include a student identification number or other unique personal identifier used by a student for accessing or communicating in electronic systems if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number, password, or other factor known or possessed only by the authorized user or a student ID number or other unique personal identifier that is displayed on a student ID badge, if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity such as a PIN or password or other factor known or possessed only by the authorized user.

Early childhood education program – a Head Start program or an Early Head Start program, a state licensed or regulated child care program, or a program that serves children from birth through age six that addresses the children's cognitive, social, emotional, and physical development and is a state prekindergarten program, a program under section 619 or Part C of the Individuals with Disabilities Education Act, or a program operated by a local educational agency.

Education program - any program that is principally engaged in the provision of education, including, but not limited to, early childhood education, elementary and secondary education,

- records created and maintained for law enforcement purposes by the Botetourt County School Board's law enforcement unit, if any. A law enforcement unit is any individual, office, department, or division of the school division that is authorized to enforce any local, state, or federal law, refer enforcement matters to appropriate authorities or maintain the physical security and safety of the school division;

Dissemination and Maintenance of Records About Court Proceedings

Adjudications

The superintendent shall disseminate the notice or information regarding an adjudication of delinquency or conviction for an offense listed in Va. Code § 16.1-260.G. contained in a notice received pursuant to Va. Code § 16.1-305.1 to school personnel responsible for the management of student records and to other relevant school personnel, including, but not limited to, the principal of the school in which the student is enrolled. The principal shall further disseminate such information to licensed instructional personnel and other school personnel who (1) provide direct educational and support services to the student and (2) have a legitimate educational interest in such information.

A parent, guardian, or other person having control or charge of a student, and, with consent of a parent or in compliance with a court order, the court in which the disposition was rendered, shall be notified in writing of any disciplinary action taken with regard to any incident upon which the adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260 was based and the reasons therefor. The parent or guardian shall also be notified of his or her right to review, and to request an amendment of, the student's scholastic record.

Every notice of adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260 received by a superintendent, and information contained in the notice, which is not

a disciplinary record as defined in Board of Education regulations, shall be maintained by him and by any others to whom he disseminates it, separately from all other records concerning the student. However, if the school administrators or the School Board takes disciplinary action against a student based upon an incident which formed the basis for the adjudication of delinquency or conviction for an offense listed in subsection G of Va. Code § 16.1-260, the notice shall become a part of the student's disciplinary record.

Any notice of disposition received pursuant to Va. Code § 16.1-305.1 shall not be retained after the student has been awarded a diploma or a certificate as provided in Va. Code § 22.1-253.13:4.

Petitions and Reports

The superintendent shall not disclose information contained in or derived from a notice of petition received pursuant to Va. Code § 16.1-260 or report received pursuant to Va. Code § 66-25.2:1 except as follows:

- If the juvenile is not enrolled as a student in a public school in the division to which the notice or report was given, the superintendent shall promptly so notify the intake officer of the juvenile court in which the petition was filed or the Director of the Department which sent the report and may forward the notice of petition or report to the superintendent of the division in which the juvenile is enrolled, if known.
- Prior to receipt of the notice of disposition in accordance with Va. Code § 16.1-305.1 the superintendent may disclose the fact of the filing of the petition and the nature of the offense to the principal of the school in which the student is enrolled if the superintendent believes that disclosure to school personnel is necessary to ensure the physical safety of the student, other students, or school personnel within the division. The principal may further disseminate the information regarding a petition, after the student has been taken into custody, whether or not the child has been released, only to those students and school personnel having direct contact with the student and need of the information to ensure physical safety or the appropriate educational placement or other educational services.
- If the superintendent believes that disclosure of information regarding a report received pursuant to Va. Code § 66-25.2:1 to school personnel is necessary to ensure the physical safety of the student, other students, or school personnel, he may disclose the information to the principal of the school in which the student is enrolled. The principal may further disseminate the information regarding such report only to school personnel as necessary to protect the student, the subject or subjects of the danger, other students, or school personnel.

- the right to inspect and review the student's education records and the procedure for exercising this right;
- the right to request amendment of the student's education records that the parent believes to be inaccurate, misleading or in violation of the student's privacy rights and the procedure for exercising this right;

- the type of information designated as directory information and the right to opt out of release of directory information;
- that the school division releases records to other institutions that have requested the records and in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer;

- the right to opt out of the release of the student’s name, address, and phone number to military recruiters or institutions of higher education that request such information;
- a specification of the criteria for determining who constitutes a school official and what constitutes a legitimate educational interest; and
- the right to file complaints with the Family Policy Compliance Office in the United States Department of Education concerning the school division’s alleged failure to comply with FERPA.

Procedure to Inspect Education Records

Parents of students or eligible students may inspect and review the student's education records within a reasonable period of time, which shall not exceed 45 days, and before any meeting regarding an IEP or hearing involving a student with a disability. Further, parents have the right to a response from the school division to reasonable requests for explanations and interpretations of the education record.

Parents or eligible students should submit to the student's school principal a written request which identifies as precisely as possible the record or records he or she wishes to inspect.

The principal (or appropriate school official) will make the needed arrangements for access as promptly as possible and notify the parent or eligible student of the time and place where the records may be inspected.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the portion of the record which pertains to other students.

Copies of Education Records

The Botetourt County Public Schools will not provide a parent or eligible student a copy of the student's education record unless failure to do so would effectively prevent the parent or eligible student from exercising the right to inspect and review the records.

Fees for Copies of Records

The fee for copies will be 25¢ per page. The actual cost of copying time and postage will be charged. The Botetourt County Public Schools does not charge for search and retrieval of the records. The Botetourt County Public Schools does not charge a fee for copying an Individualized Education Plan (IEP) or for a copy of the verbatim record of a hearing conducted in accordance with the State Board of Education's Regulations Governing Special Education Programs for Children with Disabilities in Virginia.

Prior to disclosure of any such scholastic records, the persons to whom the records are to be disclosed shall certify in writing to the principal or his designee that the information will not be disclosed to any other party, except as provided under state law, without the prior written consent of the parent of the pupil or by such pupil if the pupil is eighteen years of age or older.

The studies must be conducted in a manner that does not permit personal identification of parents and students by individuals other than representatives of the organization that have legitimate interests in the information. The information must be destroyed when it is no longer needed for the purposes for which the study was conducted.  7. To accrediting organizations to carry out their functions.
 8. To parents of an eligible student who claim the student as a dependent for income tax purposes.
 9. To the entities or persons designated in judicial orders or subpoenas as specified in FERPA.

Such notification shall include the (i) date, estimated date, or date range of the disclosure; (ii) type of information that was or is reasonably believed to have been disclosed; and (iii) remedial measures taken or planned in response to the disclosure.

Disclosure to Federal Agencies

Notwithstanding any other provision of law or policy, no member or employee of the Botetourt County School Board will transmit personally identifiable information, as that term is defined in FERPA and related regulations, from a student's record to a federal government agency or an authorized representative of such agency except as required by federal law or regulation.

Disclosure of Information Relating to Home Instructed Students

Neither the superintendent nor the School Board shall disclose to the Department of Education or any other person or entity outside of the local school division information that is provided by a parent or student to satisfy the requirements of Policy LBD Home Instruction or subdivision B 1 of Va. Code § 22.1-254. However, the superintendent or School Board may disclose, with the written consent of a student's parent, such information to the extent provided by the parent's consent. Nothing in this policy prohibits the superintendent from notifying the Superintendent of Public Instruction of the number of students in the school division receiving home instruction.

Audit or Evaluation of Education Programs

Authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the federal Secretary of Education, and state and local educational authorities may have access to education records in connection with an audit or evaluation of federal- or state- supported education programs, or for the enforcement of or compliance with federal legal requirements that relate to those programs.

Any authorized representative other than an employee must be designated by a written agreement which

- designates the individual or entity as an authorized representative;
- specifies the personally identifiable information to be disclosed, specifies that the purposes for which the personally identifiable information is disclosed to the authorized representative is to carry out an audit or evaluation of federal- or state-supported education programs, or to enforce or comply with federal legal requirements that relate to those programs; and specifies a description of the activity with sufficient specificity to make clear that the work falls within the exception of 34 CFR § 99.31(a)(3) including a description of how the personally identifiable information will be used;

- requires the authorized representative to destroy personally identifiable information when the information is no longer needed for the purpose specified;
- specifies the time period in which the information must be destroyed; and
- establishes policies and procedures, consistent with FERPA and other federal and state confidentiality and privacy provisions, to protect personally identifiable information from further disclosure and unauthorized use, including limiting use of personally identifiable information to only authorized representatives with legitimate interests in the audit or evaluation of a federal- or state-supported education program or for compliance or enforcement of federal legal requirements related to such programs.

Military Recruiters and Institutions of Higher Learning

The Botetourt County Public Schools provides, on request made by military recruiters or an institution of higher education, access to secondary school students' names, addresses and telephone listings unless a parent or eligible student has submitted a written request that the student's name, address and telephone listing not be released without the prior written consent of the parent or eligible student. The school division notifies parents of the option to make a request and complies with any request.

The school division provides military recruiters the same access to secondary school students as is provided generally to post-secondary educational institutions or to prospective employers of those students.

Record of Disclosure

The Botetourt County Public Schools maintains a record, kept with the education records of each student, indicating all individuals (except school officials who have a legitimate educational interest in the records), agencies or organizations which request or obtain access to a student's education records. The record will indicate specifically the legitimate interest the party had in obtaining the information. The record of access will be available only to parents, to the school official and his assistants who are responsible for the custody of such records and to persons or organizations which audit the operation of the system.

The requirements related to records of disclosure stated above do not apply to disclosures made pursuant to an ex parte order issued by a court at the request of the United States Attorney General (or any federal officer or employee, in a position not lower than an Assistant Attorney General, designated by the Attorney General) seeking to collect education records relevant to an authorized investigation or prosecution of international terrorism as defined in 18 U.S.C. § 2331 or other acts listed in 18 U.S.C. § 2332b(g)(5)(B).

Personal information will only be transferred to a third party on the condition that such party will not permit any other party to have access to such information without the written consent of the parents of the student. If a third party permits access to information, or fails to destroy information, the division will not permit access to information from education records to that third party for a period of at least five years.

Information

The Botetourt County School Board notifies parents and eligible students at the beginning of each school year what information, if any, it has designated as directory information, the right to refuse to let the division designate any or all of such information as directory information, and the period of time to notify the division, in writing, that he or she does not want any or all of those types of information designated as directory information. The notice may specify that disclosure of directory information will be limited to specific parties, for specific purposes, or both. If the School Board specifies that disclosure of directory information will be so limited, the disclosures of directory information will be limited to those specified in the public notice.

No school discloses the address, telephone number, or email address of a student pursuant to 34 C.F.R. § 99.31(a)(11) or the Virginia Freedom of Information Act unless the parent or eligible student affirmatively consents in writing to such disclosure.

Parents and eligible students may not use the right to opt out of directory information disclosures to 1) prevent disclosure of the student's name, identifier or institutional email address in a class in which the student is enrolled; or 2) prevent an educational agency or institution from requiring the student to wear, to display publicly or to disclose a student ID card or badge that exhibits information designated as directory information and that has been properly designated as directory information.

Correction of Education Records

The procedures for the amendment of records that a parent or eligible student believes to be inaccurate are as follows.

1. Parents or the eligible student must request in writing that the BLANK Public Schools amend a record. In so doing, they should identify the part of the record they want changed and specify why they believe it is inaccurate, misleading or in violation of the student's privacy or other rights.
2. Botetourt County Public Schools shall decide whether to amend the record in accordance with the request within a reasonable period of time. If it decides not to comply, the school division shall notify the parents or eligible student of the decision and advise them of their right to a hearing to challenge the information believed to be inaccurate, misleading or in violation of the student's rights.
3. Upon request, Botetourt County Public Schools shall arrange for a hearing, and notify the parents or eligible student, reasonably in advance, of the date, place and time of the hearing. The hearing shall be held within a reasonable period of time after the request.
4. The parent or eligible student may, at his or her own expense, be assisted or represented by one or more individuals of his or her own choice, including an attorney.
5. The hearing shall be conducted by a hearing officer who is a disinterested party; however, the hearing officer may be an official of the school division. The parents or eligible student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records in accordance with FERPA.
6. Botetourt County Public Schools shall prepare a written decision which will include a summary of the evidence presented and the reasons for the decision within a reasonable period of time after the hearing. The decision will be based solely on the evidence presented at the hearing.
7. If Botetourt County Public Schools decides that the information is inaccurate, misleading or in violation of the student's right of privacy, it shall amend (including expungement)

the record and notify the parents or eligible student, in writing, that the record has been amended.

8. If Botetourt County Public Schools decides that the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, it will notify the parents or eligible student that they have a right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision. The statement will be maintained as part of the student's education records as long as the contested portion is maintained and disclosed whenever the school division discloses the portion of the record to which the statement relates.

Confidentiality of HIV and Drug and Alcohol Treatment Records

The Botetourt County Public Schools complies with the confidentiality requirements of Va. Code § 32.1-36.1 providing for the confidentiality of records related to any test for Human Immunodeficiency Virus (HIV). In addition, the school division maintains confidentiality of drug and alcohol treatment records as required by federal and state law.

Credit Bearing Courses Taken in Middle School, SBP JO/IKEB-SR1

High school credit courses taken in the middle school will be counted toward the units needed for graduation from high school. High school credit courses taken in the middle school will not be used in the calculation for GPA. When a student takes a credit-bearing course in middle school, parents may request that the student's final grade be omitted from his/her high school transcript. Therefore, the course would not count as a high school credit; and the course would need to be retaken in order to receive a standard credit toward graduation. A written request to remove the final grade must be provided to the middle school principal by June 30 of the same academic year in which the course was taken.

Botetourt County Public Schools does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. PROSECUTION OF JUVENILES AS ADULTS (Supt Memo #057-12, 2/24/2012)

The following information was obtained from Superintendent of Public Instruction's Superintendent's Memo #057-12, February 24, 2012, Provision of Information for Students Regarding the Laws Governing the Prosecution of Juveniles as Adults.

The following information has been developed by the Office of the Attorney General regarding the prosecution of juveniles as adults:

Section 22.1-279.4 of the *Code of Virginia* states:

School boards shall provide information developed by the office of the Attorney General to students regarding laws governing the prosecution of juveniles as adults for the commission of certain crimes. Methods of providing such information may include, but not be limited to, public announcements in the schools, written notification to parents, publication in the student conduct manual, and inclusion in those materials distributed to parents pursuant to § 22.1-279.3.

The following information in question and answer format provides the notice required by this section of the *Code*.

Who is a juvenile? Section 16.1-228 of the *Code of Virginia* defines a juvenile as “a person less than 18 years of age.” Section 16.1-269.1 of the *Code* permits juveniles, 14 years of age or older at the time of an alleged offense, to be prosecuted as adults for specific crimes under certain circumstances. This process is called a transfer to the appropriate circuit court for trial as an adult.

How is the age of the juvenile calculated? Section 16.1-241 of the *Code of Virginia* provides that for the purpose of transferring a juvenile to circuit court for trial as an adult, the child must have been age 14 or older at the time of the offense.

Under what circumstances does the law permit the transfer of juveniles for trial as adults? The *Code of Virginia* permits the transfer of juveniles for trial as adults under three specific circumstances. Following is a description of each circumstance and the procedure that is followed in order to determine whether the student is transferred to circuit court.

Circumstance #1

A transfer can occur when a juvenile, who is age 14 or older at the time of the offense, is charged with a crime which would be a felony if committed by an adult (§ 16.1-269.1 A. of the *Code of Virginia*). Offenses are either felonies or misdemeanors. Those offenses that are punishable by confinement in a state correctional facility or death are felonies; all other offenses are misdemeanors. Felonies are classified for the purposes of punishment and sentencing into six classes. The authorized punishments for conviction of a felony are as follows:

- Class 1 felony – death if the person convicted was 18 years of age or older at the time of the offense and is not determined to be mentally retarded and a fine of not more than \$100,000. If the person was under 18 years of age at the time of the offense or is determined to be mentally retarded, the punishment shall be imprisonment for life or imprisonment for life and a fine of not more than \$100,000.
- Class 2 felony – imprisonment for life or for any term not less than twenty years or imprisonment for life or for any term not less than twenty years and a fine of not more than \$100,000.
- Class 3 felony – a term of imprisonment of not less than five years nor more than twenty years or a term of imprisonment of not less than five years nor more than twenty years and a fine of not more than \$100,000.
- Class 4 felony – a term of imprisonment of not less than two years nor more than ten years or a term of imprisonment of not less than two years nor more than ten years and a fine of not more than \$100,000.
- Class 5 felony – a term of imprisonment of not less than one year nor more than ten years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than twelve months and a fine of not more than \$2,500, either or both.
- Class 6 felony – a term of imprisonment of not less than one year nor more than five years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than twelve months and a fine of not more than \$2,500, either or both. (§§ 18.2-9 and 18.2-10 of the *Code of Virginia*)

In this circumstance, the Commonwealth’s Attorney’s office makes a formal request to the judge of the juvenile court for the juvenile to be transferred to the circuit court. The juvenile court holds a transfer hearing and may retain jurisdiction or transfer the juvenile to the appropriate circuit court for criminal proceedings. Any transfer to the circuit court is subject to the following conditions: (1) notice; (2) probable cause to believe that the juvenile committed the alleged delinquent act or a lesser included delinquent act; (3) the juvenile is competent to stand trial; and, (4) the juvenile is not a proper person to remain within the jurisdiction of the juvenile court.

The decision regarding whether the juvenile is not a proper person to remain within the jurisdiction of the juvenile court is based upon, but not limited to, the following factors:

- The juvenile’s age
- The seriousness and number of alleged
- Whether the juvenile can be retained in the juvenile justice system long enough for effective treatment and rehabilitation
- The appropriateness and availability of the services and dispositional alternatives in both the criminal justice and juvenile justice systems needed by the juvenile
- The record and previous history of the juvenile in the jurisdiction where the alleged crime occurred or in other jurisdictions
- Whether the juvenile has escaped from a juvenile correctional entity in the past
- The extent, if any, of the juvenile’s degree of mental retardation or mental illness
- The juvenile’s school record and education
- The juvenile’s mental and emotional maturity
- The juvenile’s physical condition and maturity

Circumstance #2

A transfer can occur when a juvenile 14 years of age or older is charged with an offense which would be a felony if committed by an adult. (§ 16.1-269.1 C of the *Code of Virginia*)

In this circumstance, transfer is requested at the discretion of the Commonwealth's Attorney. If the Commonwealth's Attorney wishes to transfer the juvenile for trial as an adult, the juvenile court holds a preliminary hearing to determine whether there is probable cause to believe the juvenile committed the alleged delinquent act. Upon a finding of probable cause, the juvenile is transferred for prosecution as an adult. (§16.1-269.1 C of the *Code of Virginia*)

Circumstance #3

A transfer occurs when a juvenile 14 years of age or older at the time of the alleged offense is charged with capital murder, first or second degree murder, lynching or aggravated malicious wounding. (§ 16.1-269.1 B of the *Code of Virginia*)

Transfer under this circumstance is automatic. Whenever a juvenile 14 years of age or older is charged with capital murder, first or second degree murder, lynching or aggravated malicious wounding, he or she must be tried as an adult. The juvenile court holds a preliminary hearing to determine whether there is probable cause to believe the juvenile committed the alleged delinquent act. Upon a finding of probable cause, the juvenile is transferred for prosecution as an adult. (§ 16.1-269.1 B of the *Code of Virginia*)

If a juvenile is transferred for prosecution as an adult on one offense, what happens if he or she has also been charged with other offenses? If any one charge is transferred, all other charges of delinquency arising out of the same act will be transferred. (§ 16.1-269.6 of the *Code of Virginia*)

Does the transfer impact subsequent alleged criminal offenses? Yes. Once a juvenile is convicted of a crime as an adult in circuit court, all subsequent alleged criminal offenses of whatever nature, will be treated as adult offenses and no transfer hearing will be required. (§ 16.1-269.6 of the *Code of Virginia*)

What happens when an adult is sentenced for a crime he or she committed as a juvenile? When the juvenile court sentences an adult who has committed, before attaining the age of 18, an offense which would be a crime if committed by an adult, the court may impose a penalty up to a maximum of 12 months in jail and/or a fine up to \$2,500. (§ 16.1-284 of the *Code of Virginia*)

What can happen if a juvenile is tried as an adult? There are significant differences between a juvenile being tried as a juvenile and a juvenile being tried in the circuit court as an adult. In the juvenile system, a juvenile is given added protections because of his or her youth. First, records pertaining to the charge and adjudication of delinquency are confidential and may not be available to the public unless the crime was a felony.

Second, if the adjudication is for a misdemeanor, the juvenile court record is expunged when the juvenile reaches the age of majority and is considered an adult. Third, a juvenile who is adjudicated delinquent remains in the juvenile system where a judge has discretion in the determination of the punishment or consequences to be imposed. In the juvenile system, the emphasis is on treatment and education.

In contrast, if a juvenile is prosecuted as an adult the issues and information related to the charge and the conviction of a crime are part of the public record. Because the information becomes an adult criminal record, it is not expunged when the juvenile reaches the age of 18. Additionally, the judge does not have the same discretion in sentencing. The judge in circuit court must impose at least the mandatory

minimum sentence that is prescribed in sentencing guidelines. The circuit court does have the discretionary power to commit the juvenile to the juvenile system even if prosecuted as an adult.

CHILD NUTRITION PROGRAMS

Free and Reduced Price Food Services, SBP EFB

The Botetourt County school division provides free and reduced-price breakfasts, lunches and milk to students according to the terms of the National School Lunch Program and the National School Breakfast Program.

School officials determine student eligibility based on guidelines established by federal law. Eligible students are provided nutritionally acceptable meals and milk free or at a reduced cost if state and federal resources for school food programs are available. The superintendent or designee establishes rules and procedures as needed to implement this policy.

The criteria for determining a student's eligibility and the procedures for securing free and reduced-price meals and milk is publicly announced at the beginning of each school year and provided to parents of all children in attendance at Botetourt County public schools.

The division's policy with regard to situations in which a student who is eligible for a reduced-price meal does not have money on account or in hand to cover the portion of the cost of the meal at the time of service is stated in Policy JHCH School Meals and Snacks. Policy JHCH School Meals and Snacks is delivered to all households at the start of the school year and to households that transfer into the school division during the school year.

The students who participate in the free or reduced-cost meals and milk programs are not overtly identified, distinguished or served differently than other students.

School Meals and Snacks, SBP JHCH

The Botetourt County School Board recognizes that students need adequate, nourishing food in order to learn, grow, and maintain good health.

Generally

To reinforce the division's nutrition education program, foods sold to students during regular school hours on school premises will be

- carefully selected so as to contribute to students' nutritional well-being and the prevention of disease;
- prepared in ways that will appeal to students, retain nutritive quality, and foster lifelong healthful eating habits; and
- served in age-appropriate quantities and at reasonable prices.

The Botetourt County School Board promotes high-quality school meals and snacks by

- involving students in the selection, tasting, and marketing of healthy foods and beverages that appeal to students;
- providing a variety of food options, such as fruits, vegetables, whole grains, and dairy foods, which are low in fat and added sugars;
- offering a variety of healthy choices that appeal to students, including cultural and ethnic favorites;
- restricting student access to unhealthy foods in vending machines, school stores, and other venues that compete with healthy school meals; and
- ensuring that healthy snacks and foods are provided in vending machines.

The Botetourt County School Board strives to provide an environment conducive to good health by

- allowing an adequate amount of time and space for students to eat school meals;
- scheduling lunch periods at reasonable hours around midday;
- ensuring that drinking fountains are operable, clean, and convenient for use throughout the school day;
- offering extracurricular physical activity programs;
- encourages non-food items rather than food items such as candy, cakes, soda, and foods high in fat, as incentives and rewards for good behavior or academic performance; and
- encouraging parents and staff to support the division's nutrition education efforts by considering nutritional quality when selecting any snacks which they may donate for occasional class parties.

The Botetourt County School Board supports nutrition education and physical education by

- ensuring that qualified nutrition education and physical education specialists focus on knowledge and skill development so students are able to learn and adopt healthy eating and physical activity behaviors;
- prevents public identification of students who are eligible for free and reduced-price meals

Nutritional Guidelines

Meals and snacks offered as part of the National School Lunch Program or the School Breakfast Program meet, at a minimum, the requirements established by state and federal law and regulation.

Competitive foods, as defined herein, comply with state and federal requirements.

Schools make potable water available and accessible without restriction to children at no charge in the place(s) where lunches are served during the meal service.

Definitions

“Competitive food” means all food and beverages other than meals reimbursed under programs authorized by the National School Lunch Act and the Child Nutrition Act of 1966 available for sale to students on the school campus during the school day. Competitive foods meet the nutrient guidelines established by the Board of Education, including the guidelines for calories, fat, sugar and sodium.

"Fundraiser" means a school-sponsored activity where food or nonfood items are sold on the school campus during regular school hours by a school-sponsored organization to raise money for a school-related program or activity. One fundraiser is defined as one or more fundraising activities by one or more school-sponsored organizations that last one school day. If multiple school-sponsored organizations conduct fundraisers on the same day, the combined activities are counted as one fundraiser. If a fundraising activity lasts more than one school day, each subsequent day's activity is considered as one fundraiser and counts toward the total number of permitted fundraisers.

“School campus” means all areas of the property under the jurisdiction of the school that are accessible to students during the school day.

“School day” means the period from the midnight before to 30 minutes after the end of the official school day.

School Sponsored Fundraisers

Each school may conduct 30 school-sponsored fundraisers per school year during which food that does not meet the nutrition guidelines for competitive foods may be available for sale to students. Fundraisers are not conducted during school meal service times.

Advertising and Marketing

Botetourt County School Division permits the marketing and advertising of only foods that meet the nutrition guidelines for competitive foods, serve to promote student health, prevent childhood obesity, and combat problems associated with poor nutrition and physical inactivity.

Unpaid Meal Charges

Students who do not have money on account or in hand to cover the cost of a meal at the time of service may be permitted to charge the meal. Students may charge no more than \$6 to their accounts.

A student carrying a negative balance of \$6 or more is not permitted to charge any additional amounts. A student who is not permitted to charge any additional amounts is permitted to buy a meal if the student has cash on hand. Reasonable efforts are used to avoid calling attention to a student's inability to pay.

Notices of low or negative balances in a student's meal account are sent to parents and the school principal. Parents are expected to pay all meal charges in full by the last day of the school year.

If a parent regularly fails to provide meal money or send food to school with the student and the student does not qualify for free or reduced benefits the child nutrition manager will inform the principal, who will determine the next course of action, which may include notifying the department of social services of suspected child neglect and/or taking legal steps to recover the unpaid meal charges.

The superintendent ensures that federal child nutrition funds are not used to offset the cost of unpaid meals and that the child nutrition program is reimbursed for bad debt. In order to accomplish those goals, the following procedures are followed:

- At least one written notice is provided to a student and the student's parent or guardian prior to the student being denied reimbursable meals for exceeding the division's charge limit.
- If payment of the negative balance is not received within 30 working days of the maximum charge limit being reached, the debt will be turned over to the superintendent or superintendent's designee for collection. If the debt is not paid within 60 days of notice being given, it is considered bad debt for the purposes of federal law concerning unpaid meal charges.

Students who cannot pay for a meal at school or who owe a school meal debt are not required to do chores or other work to pay for such meal or wear a wristband or hand stamp.

Recordkeeping

The Botetourt County School Board is responsible for maintaining records that document compliance with this policy. Those records include documentation used to assess the nutritional profile of food items and determine whether a food item is an allowable complete food, such as recipes, nutrition labels and/or product specifications for the competitive food available for sale to students.

The School Board is also responsible for

- maintaining records documenting compliance with the competitive food nutrition standards for food available for sale in areas that are outside of the control of the school nutrition programs operations
- ensuring any organization or school activity designated as responsible for food service at the various venues in the school, other than the school nutrition programs, maintains records documenting compliance with the competitive food nutrition standards
- maintaining records each school year documenting the number of exempt fundraisers, if any, conducted at each school within the division
- designating an individual at the division or school level to monitor and ensure compliance with this policy in all areas that are outside the control of the school nutrition programs operation. The designee may not be a school nutrition personnel.

1. **Registered Sex Offender Sighted.** If a notified employee sees a registered sex offender on or near school property, around any school division student, or attending any school division activity, the Superintendent or his designee shall be notified immediately. The Superintendent or his designee may, in his or her discretion, notify local law-enforcement.
2. **School Volunteers and Student Teachers.** Each staff member shall submit to the Principal the name and address of each volunteer the staff member proposes to use as soon as the person is identified. The Principal shall screen each student teacher and volunteer's name and address against the registry information. If a match is found, the Principal shall notify the Superintendent, who shall confirm the match. If the match is confirmed, the Superintendent shall inform the individual, in writing, that he or she may not serve as a volunteer or student teacher. The notice shall provide the reason with reference to this policy. The Superintendent shall provide a copy of the notice to the Principal and staff member.

3. **Contractors' Employees.** In addition to ensuring that the certification requirements of Policy DJF Purchasing Procedures are met, the Superintendent shall include the following language in all Division contracts that may involve an employee of the contractor having any contact with a student:
The contractor shall not send any employee or agent who is a registered sex offender to any school building or school property. Monthly, the contractor shall check the registry to determine if any employee is registered.
4. **School Division Employees.** Each time sex offender registry information is received, the principal shall review it to determine if a school division employee is registered. If a match is found, the Superintendent shall confirm or disprove the match with local law enforcement. If the match is confirmed, the Superintendent shall notify the School Board. The School Board will take the appropriate action to comply with state law which may include termination of employment.
5. **Applicants for Employment.** Before hiring any person, the Superintendent shall determine whether the prospective employee is a registered sex offender. If the prospective employee is a registered sex offender, he or she shall not be hired by the division.
6. **Parents of Students and other Visitors.**
Persons who have been convicted of a sexually violent offense, as defined in Va. Code § 9.1-902, may be present at school during school hours or during school related or school sponsored activities, on any school bus, or on any property, public or private, when such property is solely being used by an elementary or secondary school for a school-related or school-sponsored activity only as provided in Policy KNA Violent Sex Offenders on School property.
When the school division learns that a parent of an enrolled student is a registered sex offender, other than a violent sex offender, the parent will be notified in writing that he or she is barred from being present at school or at school functions without the express written approval of the student's principal. Such approval must be obtained in advance of the proposed visit and will state the conditions under which the parent may be present. When a parent who is a registered sex offender is permitted at school or at school functions he or she will be monitored to ensure that he or she does not come into contact with any children other than his or her own children. Principals will consider requests from registered sex offenders in accordance with procedures prescribed by the superintendent.

Such approval must be obtained in advance of the proposed visit and, if obtained, will state the conditions under which the person may be present. One of the conditions will be that the person will be monitored to ensure the safety of students, staff, and others. Principals will consider requests from registered sex offenders in accordance with procedures prescribed by the superintendent.
7. **Precautions to Protect Students.** When the Superintendent determines it is necessary, because of the presence of a registered sex offender, alternative arrangements may be made for bus and walking routes to and from school, recess and physical education periods, or any other activity in order to protect division students.

Alternatives to Animal Dissection, SBP IGA-K

The Botetourt County School Board provides one or more alternatives to animal dissection for students enrolled in biological sciences classes that incorporate dissection exercises. These alternatives may include computer programs, Internet simulations, plastic models, videotapes, digital videodiscs, and charts. The alternative techniques require a comparable amount of time and effort as do the dissection exercises and provide comparable depth and scope of learning. The alternative techniques provide the student, through means other than dissection, with knowledge similar to that expected to be gained by other students in the course who perform, participate in, or observe the dissection. Testing procedures that do not require the use of dissected specimens are provided for those students who choose an alternative technique.

A student's objection to participating in an animal dissection should be substantiated by a signed note from his or her parent or guardian.
