

How Can I Find Out More About The Program?

Parents are encouraged to visit the Title I classrooms and set up conferences with teachers. Each school has a Parent Advisory Committee which meets several times during the year. All parents of Title I students are urged to attend! The Division PAC meets annually. Officers of individual school PAC's, as well as all interested parents, are encouraged to attend the meetings and give suggestions for program improvement.

For more information, please call your Title I teacher, principal or supervisor.
Mr. Michael Tetreault, Supervisor of Instruction, may be contacted at 473-8263.

What Is Title I?

Title I of the Elementary & Secondary Education Act is a supplemental program in reading, language arts and mathematics. The program helps children to attain high levels of achievement through the implementation of challenging content and performance standards.

Equal Employment Opportunity/Non-Discrimination

The Botetourt County School Board is an equal opportunity employer, committed to non-discrimination in recruitment, selection, hiring, pay, promotion, retention or other personnel action affecting employees or candidates for employment. Therefore, discrimination in employment against any person on the basis of race, color, religion, national origin, political affiliation, gender, age, marital status, or disability is prohibited. Personnel decisions shall be based on merit and the ability to perform the essential functions of the job, with or without reasonable accommodation.

Who Can Attend Title I Classes?

Any child who resides within the boundaries of the three qualifying schools and is achieving below his or her potential in reading, language arts and/or mathematics according to federal guidelines, is eligible to attend. The three schools are Buchanan, Eagle Rock, and Troutville. Students in kindergarten - grade 5 are served in reading / language arts and mathematics.

What Will My Child Do In Their Title I Class?

Title I Students improve their reading, language arts and/or mathematics abilities using many skill related activities.

These activities

~ engage students in successful learning experiences which are positively reinforced

~ consider prior student learning and learning styles

~ involve small group and individual instruction

~ focus on increased student performance

~ provide continuous assessment of students and

~ use technology as a tool for learning.
